----	-------	---------------------------	---

LL.B. [2019-2020]			
S. No	Programme	Course Code: Course Name	Course Outcome
1	LL.B.	5BLB101: Contract - I	CO1: Understand and apply the general principles underlying the law of contracts. CO2: Analyze and interpret the provisions of the Indian Contract Act, 1872 and apply the same to real life situations. CO3: Analyze and offer solutions to problems arising out of contractual transactions.
2	LL.B.	5BLB102: Constitutional Law - I	CO1: Understand the background and context in which the Constitution of India was made. CO2: Appreciate the effort and thought that went into the making of the Constitution of India. CO3: Interpret and analyze the various provisions of the Constitution of India. CO4: Understand the various provisions in view of the judicial pronouncements by the Supreme Court of India. CO5: Understand the application of the various principles of constitutional law in relation to the provisions enshrined in the text of the Constitution of India.
3	LL.B.	5BLB103: Family Law I	CO1: Identify and understand the scheme of succession under the Hindu, Muslim and Christian Laws. CO2: Understand, with reference to uncodified Hindu Law, the matters relating to joint family system, competency, karta and his powers, partition and the Hindu Religious Endowments.

			CO3:Understand the changes effected after the passing of the Hindu succession Act, 1956 and other related laws.
4	LL.B.	5BLB104 Family Law II	CO1:To develop the skills to think objectively and analytically about various customary practices followed in Islam CO2:To understand the perspectives of persons with respect to various practices followed by Muslims in Islam CO3:To critically analyze the precedents which are set by people of both Pre-Islamic and Post Islamic Era CO4: To become familiar with the laws prevailing pertaining to Muslims and trying to relate with the modern society
5	LL.B.	5BLB121: Banking Law	CO1:Understand the existing Banking and Securitisation Laws in India CO2:Deal with both regulatory and operational aspects of the above mentioned laws CO3:Learn the alternate grievance redressal systems existing in the Banking sector in India
6	LL.B.	5BLB201:Contr act II	CO1:Develop skills in handling different kinds of contracts. CO2:Appreciate the laws in force to protect the interest of parties. CO3:Create awareness as to legal implications for non-compliance of law.Efficiently handle cases relating to Special contracts.

7	LL.B.	5BLB202 Jurisprudence	CO1:Understand the concept of law and the method of jurisprudence CO2:Understand the systematic arrangement of the general principles of law CO3:Identify and understand the various sources of law CO4:Understand the key concepts of law CO5:Understand generally the administration of justice
8	LL.B.	5BLB203: Criminal Law - I IPC	CO1:Understand the various Penological theories for various crimes committed under CO2:Develop ability to interpret and differentiate the various criminal law terminologies used both in the common law system as well as Indian Criminal law. CO3:Analyse the various principles put forth by the English Criminal Courts and their application in the definition of various offences in the Indian Penal Code
9	LL.B.	5BLB 204: Law of Torts, Consumer Law & MVC Act	CO1:Enable the students to analyze the principles of tortious liability and distinguish between torts from crimes and breach of contract. CO2:Enable the students to know the significance of cyber and economic tort in the contemporary era; CO3:Equip the students with professional challenges in the required period CO4:To acquaint students with Consumer Protection Act, 1986 and Motor Vehicles Act, 1988
10	LL.B.	5BLB221: Interpretation of Statutes	CO1:Understand the various principles and rules of interpretation of statutes Apply such rules/principles and interpret various provisions of law CO2:Understand the law in reference newer facts, conditions and case laws that continue to arise

			CO3:Understand the grammar of law and fundamental principles of law, which helps in ascertaining the true meaning of law
11	LL.B.	5BLB301: Constitutional Law - II	CO1:Understand the judicial prerogatives To understand the historical origin, philosophical foundations of the Indian Constitution CO2:To analyze the centre-state relationship and appreciate the advantages of independent judiciary. CO3:To understand the constitutional amendments and its effects
12	LL.B.	5BLB302: Law Of Property	CO1: Understand and apply the general principles underlying the law of Property. CO2:Analyze and interpret the provisions of the Transfer of Property Act, 1882 and apply the same to real life situations. CO3:Analyze and offer solutions to problems arising out of Property transactions.
13	LL.B.	5BLB303: Company Law	CO1:Understand and apply the general principles underlying the Company law. CO2:Analyze and interpret the provisions of the Companies Act, 2013 and apply the same to real life situations. CO3:Analyze and offer solutions to problems arising out of Shareholders and Directors of the company.
14	LL.B.	5BLB304: Alternative Dispute	CO1:Understand and apply Arbitration Law and Practice including International arbitration and Arbitration rules.

		Resolution System	CO2:Understand the concept of Conciliation and its uses. CO3:Understand and apply Mediation and Negotiation skills.
15	LL.B.	5BLB331: Penology and Victimology	CO1:Understand the concept and objectives of punishment. CO2:Analyze and interpret the provisions of various laws governing the principles of penology and victimology CO3:Analyze and offer solutions to problems arising out of offender victim relationships. CO4:Understand the punishment, sentencing and compensation policy
16	LL.B.	5BLB401: Administrative Law	CO1:Critically explain the different concepts and principles relating to administrative law and administrative justice in India. CO2:Classify administrative action, identify excess or abuse of administrative discretion and evaluate the adequacy of grounds for judicial review. CO3:Examine the appropriate procedure and remedies available to persons aggrieved by an administrative action.
17	LL.B.	5BLB402: Labour Law -I	CO1:The students appreciate the evolution of industrial jurisprudence. They would be also able to analyze the philosophical undercurrents of social security, laced with the constitutional and ILO ethos. CO2:The students understand the importance of the ID Act, 1947 in resolution of industrial disputes as a means to ensure industrial peace.

			<p>CO3:The students imbibe the requisite knowledge of the significance of trade unionism and the crucial role played by collective bargaining in taking the labour philosophy issues.</p> <p>CO4:Students would get a comprehensive idea about the paramountcy of standing orders and domestic inquiry as an effective tool of ensuring workers#39; well being.</p>
18	LL.B.	5BLB403: Public International Law	<p>CO1:Comprehend how global legal system works Core module introduces the legal techniques, the legal system at the global level.</p> <p>CO2:Helps students to understand the role of various international agencies in structuring solutions in the context of changing balance of power.</p>
19	LL.B.	5BLB404: Code of Civil Procedure	<p>CO1:Understand and apply the general principles underlying in civil procedures</p> <p>CO2:Analyze and interpret the provisions of the Civil Procedure Code and apply the same to real life situations.</p> <p>CO3:Analyze and offer solutions to problems arising out of civil transactions.</p>
20	LL.B.	5BLB405: Law of Crimes II	<p>CO1:Understand and apply the procedural aspects of criminal prosecution right from initiation, conviction and sentencing.</p> <p>CO2:Analyze and interpret the provisions of the Criminal Procedure Code and understand the powerful presence of the judiciary.</p> <p>CO3:To understand the powers of the Police under the Code and declare that investigation is the prerogative of the Police.</p>

21	LL.B.	5BLB501: Law of Evidence	<p>CO1: Understand the ways in which evidence can be presented; how to read it actively and with purpose.</p> <p>CO2: Research, analyse and apply evidentiary standards to complex issues and present a persuasive written and oral argument for the admission or exclusion of the evidence</p> <p>CO3: Construct an argument for or against the relevance of a particular piece of evidence and be able to construct an argument for or against the admissibility of a range of types of evidence</p> <p>CO4: Analyse and evaluate the rules governing examination in chief, cross examination and re-examination, and establish the procedures in the conduct of a civil or criminal trial.</p> <p>CO5: Determine and evaluate the main considerations to be exercised by a legal practitioner when preparing a case for trial.</p>
22	LL.B.	5BLB502: Environmental Law	<p>CO1: Explain the various environmental legislations and legal obligations</p> <p>CO2: Understand and apply the principle of sustainable development</p> <p>CO3: Conceptualize international legal principles of environmental law within the municipal framework</p> <p>CO4: Understand the challenges to environment from an Indian perspective</p>
23	LL.B.	5BLB503: Labour Law II	<p>CO1: Analyse the judicial delineation of an employer's liability as against an accident arising out of and in the course of employment.</p>

			<p>CO2: Understand the rationale behind and the need for minimum wages.</p> <p>CO3: Understand the social security for women workers with reference to maternity benefit.</p> <p>CO4: Understand the main health, safety and welfare provisions for workers in factories and the applicability of the provisions.</p> <p>CO4: Analyse the application of law of prohibition of child labour, the judicial pronouncement in this arena and the advantages and disadvantages of the amendment made to the Child Labour (Prohibition and Regulation) Act.</p>
24	LL.B.	5BLB504: Drafting, Pleading and Conveyance Company Law	<p>CO1: To make them understand general principles of drafting and relevant substantive Acts, rules and procedures</p> <p>CO2: Employ the skills in drafting, pleadings, indispensable in litigation work.</p> <p>CO3: Apply the legal drafting abilities, during appearances before various, courts, tribunals & quasi judicial bodies.</p> <p>CO4: Recognize the ways to move the civil and criminal justice system with aid of drafting.</p> <p>CO5: Classify the formats for drafting various applications and documents Drafting is required for all the activities related to legal professional be litigation or non-litigation</p>
25	LL.B.	5BLB505: IPR and Cyber law	<p>CO1: It seeks to impart the knowledge about the theoretical foundation and legal protection pertaining to IPR</p>

			<p>CO2: It aims at holistic understanding of the gamut of IP rights namely: Copyright, Patent, Design, trademark, geographical Indication, trade secrets and others.</p> <p>CO3: It aims to identify IP rights as effective policy tool for economic progress of the country.</p>
26	LL.B.	5BLB601: Law of Taxation	<p>CO1: Know the primary purpose of taxation and its purpose</p> <p>CO2: Make law students understand and learn on Taxes in India which are levied by the Central</p> <p>CO3: Government and the state governments, and the local authorities such as the Municipality</p> <p>CO4: Learn the latest development on taxation law in India.</p> <p>CO5: Understand Goods and Services Tax (GST) as an indirect tax (or consumption tax) imposed in India on the supply of goods and services.</p>
27	LL.B.	5BLB602: Professional Ethics and Accountancy for Lawyers	<p>CO1: Every profession has rules of ethics to which its members are bound and the one who violates them will be imposed with liability in various forms.</p> <p>CO2: Likewise, a lawyer who does not follow ethical and other rules of professional conduct can be censured and can also be suspended from law practice or even disbarred.</p> <p>CO3: This course will introduce students to the rules of professional ethics which applies to lawyers in India.</p> <p>CO4: This course is designed with a main purpose of making law students [on the verge of completing their law course] to get acquainted with, analyze and critically examine such rules of professional ethics.</p>

28	LL.B.	5BLB603: Moot Court, Observation of Trial and Client Interview	<p>CO1:Moot court is one of the key activities (the others being law review and clinical work).</p> <p>CO2:The students may spend a semester researching and writing the written submissions or memorials, and practicing their oral arguments, or may prepare both within the span of a few weeks.</p> <p>CO3: Mooting is a form of an Oral proceeding to see how efficient a student is in fighting an argument based on law</p> <p>CO4: For a student who is going to become a lawyer in the near future, mooting is very important as an integral part of their education because it will help them and make them work easy and present in a real courtroom.</p> <p>CO5:The advantages of mooting are networking, researching and writing skills, building confidence, practical knowledge, motivation, team work and creative thinking.</p>
29	LL.B.	5BLB621: Law of Insurance	<p>CO1:Learn the legal aspects of insurance</p> <p>CO2:Learn the regulatory framework of insurance sector</p> <p>CO3:Claim Settlement aspects of insurance in view of policy holder and Insurance companies.</p> <p>CO4: Appreciate the importance of insurance in society, its role and understand the role of a lawyer in the field of insurance.</p>
30	LL.B.	5BLB622: Media and Law	<p>CO1:Understand the philosophical justification of the protection of Freedom of the Press.</p>

			<p>CO2:Analyse the various legislative provisions relating to media, the freedom of expression of the fourth Estate and their restrictions.</p> <p>CO3:Analyse the principles underlying various judicial responses and their outcome.</p>

Efficiently handle cases relating to Special contracts.</p>
7	LL.B.	5BLB202 Jurisprudence	<p>CO1: Understand the concept of law and the method of jurisprudence</p> <p>CO2: Understand the systematic arrangement of the general principles of law</p>

			<p>CO3:Identify and understand the various sources of law</p> <p>CO4:Understand the key concepts of law</p> <p>CO5:Understand generally the administration of justice</p>
8	LL.B.	5BLB203: Criminal Law - I IPC	<p>CO1:Understand the various Penological theories for various crimes committed under</p> <p>CO2:Develop ability to interpret and differentiate the various criminal law terminologies used both in the common law system as well as Indian Criminal law.</p> <p>CO3:Analyse the various principles put forth by the English Criminal Courts and their application in the definition of various offences in the Indian Penal Code</p>
9	LL.B.	5BLB 204: Law of Torts, Consumer Law & MVC Act	<p>CO1:Enable the students to analyze the principles of tortuous liability and distinguish between torts from crimes and breach of contract.</p> <p>CO2:Enable the students to know the significance of cyber and economic tort in the contemporary era;</p> <p>CO3:Equip the students with professional challenges in the required period</p>

			CO4:To acquaint students with Consumer Protection Act, 1986 and Motor Vehicles Act, 1988
10	LL.B.	5BLB221: Interpretation of Statutes	<p>CO1:Understand the various principles and rules of interpretation of statutes Apply such rules/principles and interpret various provisions of law</p> <p>CO2:Understand the law in reference newer facts, conditions and case laws that continue to arise</p> <p>CO3:Understand the grammar of law and fundamental principles of law, which helps in ascertaining the true meaning of law</p>
11	LL.B.	5BLB301: Constitutional Law - II	<p>CO1:Understand the judicial prerogatives To understand the historical origin, philosophical foundations of the Indian Constitution</p> <p>CO2:To analyze the centre-state relationship and appreciate the advantages of independent judiciary.</p> <p>CO3:To understand the constitutional amendments and its effects</p>
12	LL.B.	5BLB302: Law Of Property	CO1: Understand and apply the general principles underlying the law of Property.

			<p>CO2:Analyze and interpret the provisions of the Transfer of Property Act, 1882 and apply the same to real life situations.</p> <p>CO3:Analyze and offer solutions to problems arising out of Property transactions.</p>
13	LL.B.	5BLB303: Company Law	<p>CO1:Understand and apply the general principles underlying the Company law.</p> <p>CO2:Analyze and interpret the provisions of the Companies Act, 2013 and apply the same to real life situations.</p> <p>CO3:Analyze and offer solutions to problems arising out of Shareholders and Directors of the company.</p>
14	LL.B.	5BLB304: Alternative Dispute Resolution System	<p>CO1:Understand and apply Arbitration Law and Practice including International arbitration and Arbitration rules.</p> <p>CO2:Understand the concept of Conciliation and its uses.</p> <p>CO3:Understand and apply Mediation and Negotiation skills.</p>
15	LL.B.	5BLB331:Penology and Victimology	<p>CO1:Understand the concept and objectives of punishment.</p>

			<p>CO2:Analyze and interpret the provisions of various laws governing the principles of penology and victimology</p> <p>CO3:Analyze and offer solutions to problems arising out of offender victim relationships.</p> <p>CO4:Understand the punishment, sentencing and compensation policy</p>
16	LL.B.	5BLB401: Administrative Law	<p>CO1:Critically explain the different concepts and principles relating to administrative law and administrative justice in India.</p> <p>CO2:Classify administrative action, identify excess or abuse of administrative discretion and evaluate the adequacy of grounds for judicial review.</p> <p>CO3:Examine the appropriate procedure and remedies available to persons aggrieved by an administrative action.</p>
17	LL.B.	5BLB402: Labour Law -I	<p>CO1:The students appreciate the evolution of industrial jurisprudence. They would be also able to analyze the philosophical undercurrents of social security, laced with the constitutional and ILO ethos.</p>

			<p>CO2:The students understand the importance of the ID Act, 1947 in resolution of industrial disputes as a means to ensure industrial peace.</p> <p>CO3:The students imbibe the requisite knowledge of the significance of trade unionism and the crucial role played by collective bargaining in taking the labour philosophy issues.</p> <p>CO4:Students would get a comprehensive idea about the paramountcy of standing orders and domestic inquiry as an effective tool of ensuring workers#39; well being.</p>
18	LL.B.	5BLB403: Public International Law	<p>CO1:Comprehend how global legal system works Core module introduces the legal techniques, the legal system at the global level.</p> <p>CO2:Helps students to understand the role of various international agencies in structuring solutions in the context of changing balance of power.</p>
19	LL.B.	5BLB404: Code of Civil Procedure	<p>CO1:Understand and apply the general principles underlying in civil procedures</p> <p>CO2:Analyze and interpret the provisions of the Civil Procedure Code and apply the same to real life situations.</p>

			CO3:Analyze and offer solutions to problems arising out of civil transactions.
20	LL.B.	5BLB405: Law of Crimes II	<p>CO1:Understand and apply the procedural aspects of criminal prosecution right from initiation, conviction and sentencing.</p> <p>CO2:Analyze and interpret the provisions of the Criminal Procedure Code and understand the powerful presence of the judiciary.</p> <p>CO3:To understand the powers of the Police under the Code and declare that investigation is the prerogative of the Police.</p>
21	LL.B.	5BLB501: Law of Evidence	<p>CO1:Understand the ways in which evidence can be presented; how to read it actively and with purpose.</p> <p>CO2: Research, analyse and apply evidentiary standards to complex issues and present a persuasive written and oral argument for the admission or exclusion of the evidence</p> <p>CO3: Construct an argument for or against the relevance of a particular piece of evidence and</p>

			<p>be able to construct an argument for or against the admissibility of a range of types of evidence</p> <p>CO4:Analyse and evaluate the rules governing examination in chief, cross examination and re-examination, and establish the procedures in the conduct of a civil or criminal trial.</p> <p>CO5:Determine and evaluate the main considerations to be exercised by a legal practitioner when preparing a case for trial.</p>
22	LL.B.	5BLB502: Environmental Law	<p>CO1:Explain the various environmental legislations and legal obligations</p> <p>CO2:Understand and apply the principle of sustainable development</p> <p>CO3:Conceptualize international legal principles of environmental law within the municipal framework</p> <p>CO4:Understand the challenges to environment from an Indian perspective</p>
23	LL.B.	5BLB503: Labour Law II	CO1:Analyse the judicial delineation of an employer's liability as against an accident

			<p>arising out of and in the course of employment.</p> <p>CO2:Understand the rationale behind and the need for minimum wages.</p> <p>CO3:Understand the social security for women workers with reference to maternity benefit.</p> <p>CO4: Understand the main health, safety and welfare provisions for workers in factories and the applicability of the provisions.</p> <p>CO4: Analyse the application of law of prohibition of child labour, the judicial pronouncement in</p> <p>this arena and the advantages and disadvantages of the amendment made to the Child Labour (Prohibition and Regulation) Act.</p>
24	LL.B.	5BLB504: Drafting, Pleading and Conveyance Company Law	<p>CO1:To make them understand general principles of drafting and relevant substantive Acts,</p> <p>rules and procedures</p> <p>CO2:Employ the skills in drafting, pleadings, indispensable in litigation work.</p>

			<p>CO3:Apply the legal drafting abilities, during appearances before various, courts, tribunals & quasi judicial bodies.</p> <p>CO4:Recognize the ways to move the civil and criminal justice system with aid of drafting.</p> <p>CO5: Classify the formats for drafting various applications and documents Drafting is required for all the activities related to legal professional be litigation or non-litigation</p>
25	LL.B.	5BLB505: IPR and Cyber law	<p>CO1:It seeks to impart the knowledge about the theoretical foundation and legal protection pertaining to IPR</p> <p>CO2: It aims at holistic understanding of the gamut of IP rights namely: Copyright, Patent, Design, trademark, geographical Indication, trade secrets and others.</p> <p>CO3: It aims to identify IP rights as effective policy tool for economic progress of the country.</p>
26	LL.B.	5BLB601: Law of Taxation	<p>CO1:Know the primary purpose of taxation and its purpose</p>

			<p>CO2:Make law students understand and learn on Taxes in India which are levied by the Central</p> <p>CO3:Government and the state governments, and the local authorities such as the Municipality</p> <p>CO4:Learn the latest development on taxation law in India.</p> <p>CO5: Understand Goods and Services Tax (GST) as an indirect tax (or consumption tax)imposed in India on the supply of goods and services.</p>
27	LL.B.	5BLB602: Professional Ethics and Accountancy for Lawyers	<p>CO1:Every profession has rules of ethics to which its members are bound and the one who violates them will be imposed with liability in various forms.</p> <p>CO2:Likewise, a lawyer who does not follow ethical and other rules of professional conduct can be censured and can also be suspended from law practice or even disbarred.</p> <p>CO3: This course will introduce students to the rules of professional ethics which applies to lawyers in India.</p> <p>CO4:This course is designed with a main purpose of making law students [on the</p>

			<p>verge of completing their law course] to get acquainted with, analyze and critically examine such rules of professional ethics.</p>
28	LL.B.	5BLB603: Moot Court, Observation of Trial and Client Interview	<p>CO1:Moot court is one of the key activities (the others being law review and clinical work).</p> <p>CO2:The students may spend a semester researching and writing the written submissions or memorials, and practicing their oral arguments, or may prepare both within the span of a few weeks.</p> <p>CO3: Mooting is a form of an Oral proceeding to see how efficient a student is in fighting an argument based on law</p> <p>CO4: For a student who is going to become a lawyer in the near future, mooting is very important as an integral part of their education because it will help them and make them work easy and present in a real courtroom.</p> <p>CO5:The advantages of mooting are networking, researching and writing skills, building confidence, practical knowledge, motivation, team work and creative thinking.</p>

29	LL.B.	5BLB621: Law of Insurance	<p>CO1:Learn the legal aspects of insurance</p> <p>CO2:Learn the regulatory framework of insurance sector</p> <p>CO3:Claim Settlement aspects of insurance in view of policy holder and Insurance companies.</p> <p>CO4: Appreciate the importance of insurance in society, its role and understand the role of a lawyer in the field of insurance.</p>
30	LL.B.	5BLB622: Media and Law	<p>CO1:Understand the philosophical justification of the protection of Freedom of the Press.</p> <p>CO2:Analyse the various legislative provisions relating to media, the freedom of expression of the fourth Estate and their restrictions.</p> <p>CO3:Analyse the principles underlying various judicial responses and their outcome.</p>

LL.B. [2022-2023]			
S. No	Programme	Course Code: Course Name	Course Outcome
1	LL.B.	5BLB101: Constitutional Law I	CO1: Understand the Constitutional framework in India CO2: Understand the fundamental concepts of Constitutional Law and the role played by the Indian judiciary in upholding the same CO3: Analyse, appreciate and cherish the Preamble, Fundamental Right and Directive Principles of the Indian Constitution
2	LL.B.	5BLB102: Jurisprudence	CO1: Understand the concept of law and the method of jurisprudence Understand the systematic arrangement of the general principles of law Identify and understand the various sources of law CO2: Understand the key concepts of law Understand generally the administration of justice
3	LL.B.	5BLB103: Property Law	CO1: Understand and apply the general principles underlying the law of Property. CO2: Analyze and interpret the provisions of the Transfer of Property Act, 1882 and apply the same to real life situations. CO3: Analyze and offer solutions to problems arising out of Property transactions.

4	LL.B.	5BLB104: Company Law	<p>CO1: Understand and apply the general principles underlying the Company law.</p> <p>CO2: Analyze and interpret the provisions of the Companies Act, 2013 and apply the same to real life situations.</p> <p>CO3: Analyze and offer solutions to problems related to Shareholders and Directors of the company</p>
5	LL.B.	5BLB105: Law of Contract	<p>CO1: Understand and apply the general principles underlying the law of contracts.</p> <p>CO2: Analyze and interpret the provisions of the Indian Contract Act, 1872 and apply the same to real life situations.</p> <p>CO3: Analyze and offer solutions to problems arising out of contractual transactions.</p>
6	LL.B.	5BLB201: Constitutional Law II	<p>CO1: To understand the historical origin, philosophical foundations of the Indian Constitution.</p> <p>CO2: To analyze the Centre-State relationship and appreciate the advantages of independent judiciary.</p> <p>CO3: To understand the constitutional amendments and its effect.</p>
7	LL.B.	5BLB202: Criminal Law I	<p>CO1: Understand the various principles of criminal law and the various theories of punishment. Understand the latest amendments and emerging trends in Criminal Law through case studies.</p>

			CO2: Understand the various offences of the Indian Penal Code and the ingredients constituting these offences.
