

LL.M. (Com) [2018-2019]			
S.No	Programme	Course Code: Course Name	Course Outcome
1	LL.M. (Com)	5MCM101: Research Methods and Legal Writing	<p>CO1:Appreciate the rationale behind understanding of research and its conceptual aspects.</p> <p>CO2:Analyze the logical steps involved in conducting the research and take it ahead methodically one step at a time.</p> <p>CO3:Understand the practical implication of conducting the research. The students will get a grip of collection of data and the most effective utilization of the same to understand the outcome of research.</p> <p>CO3:Enables the students to draft the often required legal documents for professionals.</p> <p>CO4:The practical skill in conducting research will be evaluated on their performance in field research and seminars/ workshops/presentations/ publications.</p>
2	LL.M. (Com)	5MCM102: Comparative Public Law	<p>CO1:Understand public law of various States.</p> <p>CO2:Deal with both regulatory and operational aspects of the above mentioned laws.</p> <p>CO3:The student would be able to understand the difference and similarity between laws of different countries.</p> <p>CO4:An understanding of the subject would help the students to better appreciate a particular legal system in the wider socio-political context in which it operates.</p>

3	LL.M. (Com)	5MCM103: Corporate Governance	<p>CO1:Understand Conceptual framework of Corporate Governance.</p> <p>CO2:Understand Corporate Governance mechanism.</p> <p>CO3:Understand detailed Constitution of Board of Directors.</p> <p>CO4:Analyze detailed insight into Corporate Social Responsibility.</p> <p>CO5:Understand through knowledge of the Corporate Governance-Codes and Practices.</p>
4	LL.M. (Com)	5MCM104: Intellectual Property Law	<p>CO1:The commercial importance of patents in India with respect to its eligibility, ownership, acquisition, enforcement and remedies for infringement.</p> <p>CO2:The importance of copyrights and the laws related to it.</p> <p>CO3:The law relating to trademarks and its importance in the market economy.</p> <p>CO4:The commercial importance of Geographical Indications nationally and internationally and the laws governing GI.</p> <p>CO5:The student will be able to draw a line of interconnection of IPR with other areas of commercial law like competition law and e-commerce.</p>
5	LL.M. (Com)	5MCM105: Banking and Insurance Law	<p>CO1:Understand the existing Banking and Securitization Laws in India</p> <p>CO2:Deal with both regulatory and operational aspects of the above mentioned laws</p> <p>CO3:The student would be able to understand the regulatory framework of Insurance in India</p>

			CO4:The student would have understood insurance as a contract
6	LL.M. (Com)	5MCM201: Law and Justice in a Globalizing World	CO1:Appreciate how globalization has changed the ever evolving concepts of law and justice. CO2:Understand and critically evaluate how different ethnic and indigenous groups are adapting to the changing global scenario. CO3:Understand the nature of the international legal order and working of the international institutions in light of globalization. CO4:Analyse and appreciate the various mechanisms designed to achieve global justice
7	LL.M. (Com)	5MCM202: Competition Law	CO1:The student will be familiar with the legal framework and identify the relevant legislation applicable to the areas studied. CO2:The students will also be able to understand the basic concepts and comment on the effectiveness of the law and identify the weaknesses CO3:The student will be able to understand, describe and evaluate the economic and political issues which influence India CO4:The students will be exposed to study the contrasting jurisdiction and explain their inter relation. CO5:Students are expected to apply law to practical problems CO6: Display clear and effective communication skills in the oral and written presentation of assessment tasks.
8	LL.M. (Com)	5MCM203: Investment Law	CO1:The legal framework of various investment laws applicable in India.

			<p>CO2:The basic concepts of how to raise corporate finance and apply the relevant laws for the same.</p> <p>CO3:The operation of legal framework of stock exchange and the sanctions behind the various regulatory authorities.</p> <p>CO4:The establishment and working of the SEBI.</p>
9	LL.M. (Com)	5MCM204: International Trade law	<p>CO1:To understand the history, establishment, structure and functions of WTO</p> <p>CO2:To understand various agreements entered into under the auspices of the WTO and their importance in International Trade Relations</p> <p>CO3:To understand International sale of goods transactions</p> <p>CO4:To understand the Law and Policy related to Export and Import Trade in India</p>
10	LL.M. (Com)	5MCM205: Dissertation	<p>CO1:The logical steps involved in conducting the research and take it ahead methodically one step at a time.</p> <p>CO2:The practical implication of conducting the research. The students will get a grip of collection of data and the most effective utilization of the same to harness the outcome of research. Various specialized area of law.</p>
